TO : ALL IATA TRAVEL AGENTS
FROM : CORPORATE AGENCY SALES AND SERVICE MANAGER
SUBJECT : UK - STUDENT VISAS

Dear Travel Trade Partner

Please be informed that effective 01 Aug 15, UK Authorities have changed their regulations with respect to those intending to stay more than 06 months within their territory.

We therefore wish to inform you that the following are accepted:

- An individual with the relevant documents with respect to the period of his/her study, plus all other usual conditions.
- An individual holding a valid ticket and a valid 30 day vignette on his/her passport.
- Any vignettes that have not yet expired may still be used to travel to the UK.
- Passengers in possession of a valid BRP card may also be permitted to travel to the UK these passengers do not also require a valid vignette.

For example, individuals applying for study in the UK are now issued a 30 day vignette which allows them to enter the country as a student. Once they have arrived in the UK they are required to collect their BRP (Biometric Residence Permit) within 10 days of their arrival.

Please be guided accordingly

Best Regards
